KAVYA

BCA STUDENT | ASPIRING FULL STACK DEVELOPER

9164275767 • kavyakavi0467@gmail.com
Portfolio: kavyag46.github.io/protfoilo

PROFESSIONAL SUMMARY

BCA student at Bengaluru University interested in full stack development, with project experience in web interfaces and backend/database concepts. Familiar with HTML, CSS, JavaScript, Python, Flask, SQL and SQLite. Eager to contribute to practical software projects while continuing to strengthen frontend and backend development skills.

EDUCATION

Bachelor of Computer Applications (BCA) **Expected Graduation: 2027**
Bengaluru University

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript
Backend	Python, Flask, CRUD operations
Database	SQL, SQLite
Tools	Git, GitHub, Visual Studio Code

PROJECTS

Laptop & Accessories Inventory Backend *Python • Flask • SQLite*
- Developed a backend project for managing laptop and accessory product records.
- Implemented the four core CRUD operations: Create, Read, Update and Delete.
- Organized product information including name, category, brand, specifications, price, stock and warranty.

Notes Management App *HTML • CSS • Backend/database concepts*
- Designed a notes-app concept for organizing academic notes and study materials.
- Planned subject-wise access to notes and PDF resources with a student-friendly interface.

Student Report Management System *Web technologies • SQL concepts*
- Worked on a student-report management project concept for organizing student details and academic records.
- Outlined structured record storage and retrieval to make academic information easier to manage.

Personal Portfolio Website *HTML • CSS • JavaScript • GitHub Pages*
- Built a personal portfolio to present profile information, technical skills and projects.
- Added responsive styling and worked on animated interface elements and dark/light theme switching.
- Published the portfolio using GitHub Pages.

CORE STRENGTHS

Problem-solving mindset • Willingness to learn • Attention to detail • Interest in practical web development
